

### **Request for Educational Materials**

We are looking for handouts and websites that you find to be helpful for client education. Once all of the submissions have been gathered and reviewed, appropriate handouts will be posted on the MT WIC website for use by all local agencies. A list of reliable websites and sources for handouts will also be posted.

For each agency, submit 2-3 of your favorite educational handouts and/or websites that focus on the areas of:

- Breastfeeding
- Infant and toddler feeding
- Dental health/hygiene
- Hemoglobin
- Cooking (especially with baby foods, beans, fruits and vegetables)

You only need to submit a total of 2-3 items (not 2-3 items per topic). Be sure not to include any handouts or publications that have come from the State WIC office.

Submissions can be emailed to [ajones2@mt.gov](mailto:ajones2@mt.gov) or mailed to:

Attn: Ashlyn Jones  
1400 Broadway  
Cogswell Bldg. Rm 305  
Helena MT, 59620

Please submit all handouts and websites by **Wednesday, May 9, 2012.**
